He stated the portion of the project was considered to be FF&E and would be installed by the City Facilities Division.

Mr. Janson stated the City had owned the property for several years, however, recent changes in the use of the property required further subdividing to meet changing needs of the City. He further stated those exchanges would create five separate parcels. He advised a copy of the Record of Survey had been attached to the issue paper as Exhibit A that showed the newly created parcels. The new parcels were outlined and designated as follows: Parcels 1 and 5 are the Utah Cultural Celebration Center (UCCC), Parcel 2 has been created as exchange parcel for the Land and Water Conservation Fund (this was necessary for the creation of the new Animal Shelter at City Park), and Parcels 3 and 4 would be designated as a park.

After discussion, Councilmember Winder moved to approve Resolution No. 09-161, a Resolution Authorizing the City to Subdivide by Metes and Bounds Property Located at Approximately 1355 West and 3100 South by Conveyance of Quit Claim Deeds from West Valley City to West Valley City. RESOLUTION NO. 09-162, AUTHORIZE CITY TO ACQUIRE, BY NEGOTIATION OR CONDEMNATION, REAL PROPERTY FROM DECKER LAKE VENTURES, LLC, LOCATED AT 2801 SOUTH DECKER LAKE DRIVE IN WEST VALLEY CITY AND RATIFY RESOLUTION NO. 09-67

Mr. Janson stated although the required legal notice had been sent to the correct property address, the property owner was located at another address. He indicated in an effort to comply with all legal requirements and give the owner an additional opportunity to respond to the condemnation, notice was subsequently sent to the owner. Due to additional noticing concerns regarding timing between the letter

and the initial date scheduled for a vote on the resolution, the processing of this resolution must be completed again.

The Acting City Manager explained Utah Transit Authority (UTA) was currently negotiating purchase of 10,510 square feet of real property and a 2,631 square foot easement from the Decker Lake Ventures, LLC, with Clear Channel as a tenant. He stated, at present, it appeared condemnation would be necessary to complete the acquisition and the resolution had been requested in the likely event condemnation became necessary.

Mr. Janson reported the subject property was one of the properties to be purchased for the light rail station on Research Way near Redwood Road and was located on a corner where the rail tracks made a turn to the south. He indicated the turn necessitated additional right-of-way. He stated the current right-of-way width was large but under the road was a box culvert from Decker Lake that needed to be avoided when possible and the turn consumes more right-of-way.

Upon recognition by Mayor Nordfelt, Mr. Robert Mansfield addressed the City Council. Mr. Mansfield stated he was an attorney with Snell and Wilmer and represented the property owner. He discussed traffic impact in the area and proposed several ideas that could allow all parties to come together to resolve problems and allow access to the property. He requested the Council's help in negotiating with UTA to resolve the problem as a good corporate citizen of the community.

Councilmember Burt inquired if any meetings had been scheduled between the property owner and UTA. Mr. Mansfield stated negotiations had been attempted but they had been told "no." He also stated his client had not asked for an unreasonable solution but simply for consideration to accommodate the interests of all property owners in the area.

Discussion ensued and Acting City Manager, John Janson, and members of the City Council addressed options of UTA in helping the property owner involving the Trax platform, signals, u-turns, and different points of access. Mayor Nordfelt inquired if the property owner to the south had been contacted. Mr. Mansfield stated that everything worked out for that property owner and they were not willing to move or negotiate.

Upon inquiry by Councilmember Winder regarding if people arrived and departed at the same time everyday, Mr. Mansfield advised people came and went throughout the day with arrival and departure times being staggered depending on scheduled meetings.

Mayor Nordfelt recognized Necia Christensen, member of the UTA board. Ms. Christensen addressed the City Council and stated discussions had been held regarding whether the property on either side of Trax was TOD (Transit Oriented Development) friendly; she added discussions had not received positive responses from land owners.

Acting City Manager, John Janson, recommended the Council consider a continuation of the matter to allow for time to request UTA representative attend a Council Study Meeting and discuss their reasoning and give additional input.

After discussion, Councilmember Coleman moved to table proposed Resolution No. 09-162 and continue the matter to the next scheduled Council Study Meeting and request the Utah Transit Authority to provide reasoning and give additional input. Councilmember Vincent seconded the motion.
